The Yacht *Market Overview*

Following the trends of the earlier months of 2022, BGYB has continued to flourish along with the entire yachting industry thanks to global travel restriction relaxation and an eagerness among clients to return to the waves. We are keen to see what this winter has in store for us and are keeping a close eye on Covid announcements to avoid disruption for our clients, in both sale and charter.

Sales

Regarding sales, 2021 saw a return to quasi-normality but 2022 has seen a thriving growth, which we hope will last into the winter season and the new year.

We are pleased to announce that we have concluded 14 sales since the last issue of our Episode.

Notable sales include the Motor Yacht Amer 116 S "IL GATTOPARDO" and the Sailing Yachts CNB 100^{ft} Carbon Sloop "BLUE DIAMOND", CNB 77 "SWALLOWS AND AMAZONS" and Botin 65 "HIGH SPIRIT", as well as the more recent sale of the 90^{ft} Hoek Design Sloop "ATALANTE 1" and 100^{ft} Alan Buchanan Ketch "PROVENANCE". With 7 sales currently in progress, we expect this list to continue to grow.

It is also with great pleasure that we announce the additions of the following boats to our sales fleet: the Motor Yacht Ferretti 630 "ELLION" as well as the Sailing Yacht 104^{ft} "ASAHI", Shipman 72 Sloop "GEOMETRY" and, Vismara V71 "RED CARPET" plus the VPLP 78^{ft} catamaran "TAJ", and New Classic Sloop TM 52 "LAZY DAYS".

Charter

This summer has seen a spectacular charter season, soaring to heights not seen in the previous five years. While this certainly can be attributed to the weakened restrictions and encouragement of the tourism industry in part, we are seeing clients return with a positive spirit and an enthusiasm to enjoy their summer freedoms, which were previously taken for granted.

The market has also received an influx of American clients once again, indicating that the yachting industry is heading down the right track towards its former glory. Furthermore, we have seen a notable shift in interest towards sailboats, which can be attributed to the rising prices of fuel following dramatic world events this year. Whether you prefer old and classic or modern efficiency, it is wonderful to see sailboats obtaining the recognition they deserve and serving so many clients with the charter of their dreams this summer.

Here at BGYB, we are already receiving enquiries for the Summer 2023 season, even confirming several reservations. It is clear that clients are getting in early this year, another positive sign for the recovery of the charter market.

We have further welcomed a brand-new sailing catamaran to our Central Agency Fleet: an Alegria 67 SEMPER FIDELIS, which has seen high levels of popularity this summer. The long-awaited return of Multiplast 80^{ft} catamaran MAGIC CAT has finally occurred, reinstating her premier status following an extensive refit.

For winter, we are seeing several yachts crossing to the Caribbean, including the three sailing catamarans ARAOK, SEMPER FIDELIS and MAGIC CAT. Scattered over various Caribbean Islands, our Central Agency Fleet is seeing enquiries from clients keen to spend their winters on sandy beaches, escaping the harsh European temperatures.

We are therefore looking forward to the profitable winter season ahead and welcome all enquiries extending to Summer 2023.

Marketing and Development

Last month, we welcomed our new annual Charter Assistant to the Montpellier office team to aid in handling our high volume of enquiries and furthering marketing strategies to see a continued increase in bookings and revenue.

We have also announced an exciting new partnership with the German shipyard, YYachts, located on the Baltic Sea where yachts, up to 35 metres in length are manufactured. YYachts are an innovative, technologically advanced company who guarantee efficiency and precision in all their models. BGYB intends to work closely with our partner, maintaining their philosophy to 'Keep It Simple'.

The aim is to build yachts that give yachtsmen time for themselves, as well as freedom and pleasure to share good times with family and friends, becoming a reliable investment for a better quality of life.

Finally, yet importantly, we are delighted to announce our participation in the Cannes Yachting Festival. Displaying two of our Central Fleet Yachts and being present on Y7 and Y9, 2 new models of the YYachts production, BGYB will be in attendance to this major event in the yachting calendar among the biggest names in the nautical industry.

Nacira 67 *Shamlor*

With over twenty years of experience in the sailing market, the Italian shipyard Maxi Dolphin, known for producing one-off yachts, has followed its natural evolution and now launches the 20m sailing yacht Dream 67 SHAMLOR. SHAMLOR is made both for leisure or race and is described as "the most powerful leisure yacht worldwide, able to reach speeds in excess of 30 knots - with a sea view from the dining table!" She features plenty of discretely packaged race technology, including light Karver headsail furlers driven via endless Dyneema loops from the powerful electric winches aft - much lighter than electrical furlers.

YYACHTS DE

BGYB represents **YYachts in France: Please meet us at the Cannes Yachting Festival 2022**

The YYachts shipyard is located on the Baltic Sea, almost directly on the water. Here we can manufacture yachts up to 35 metres in length.

The shipyard is equipped with modern and technologically advanced systems to guarantee efficiency and precision in production. At the same time, the structure is simple and straightforward to live up to the YYachts philosophy of "Keep it simple".

Their goal is to build sailing yachts that give you time for yourself as well as freedom and fun with your family and friends - a reliable investment in a better quality of life. We will treat you with the honesty and authenticity with which we produce our yachts. Our passion is to build sustainable sailing yachts that are ahead of their time, yet easy to sail and maintain.

Y7

A displacement of about only 29 tons and 300 square meters of sail area, set this almost 22 meter, 70 foot, long yacht in motion even in the lightest of winds. Her good ballast ratio keeps her very stable, so that a Y7 is extremely pleasant to sail. This luxury yacht was designed for family vacations as it can be operated with a very small crew or even alone. Easy handling combined with excellent performance and an interior completely tailored to the owner has made the Y7 a bestseller in the YYachts portfolio.

Y8

With its construction, the Y8 has good potential for regatta victories. Since the mast has been placed further aft, the new Y8 carries a larger headsail, which provides better height in the wind. In the cockpit, guests enjoy a wonderful sailing atmosphere al fresco. The crew has a separate entrance here. With its soft edges and coachroof, and flooded with natural light, the Y8 has a relaxing atmosphere!

Due to its design, the Y8 can be sailed with a very small crew, making it an ideal family yacht.

Y9

Our Y9 is unique and so is every single Y9. Above all, she is as individual as our customers themselves, because her layout and equipment are completely variable. She is available in three exciting versions - Y9, Y9 Pilot House, Y9 Custom. The main focus for Y9 owners is spending time with family and friends on board. As a result, the 90-foot carbon sailing yacht is easy to sail even with a small crew. Her interior design fulfills and even extends all owners' wishes for a family yacht. Of course, the Y9 can also prove her potential on regatta courses in the Mediterranean or the Caribbean.

Vismara 80 *Luce Guida*

A combination that leads to the creation of an advanced creation, in both style and features, with light and air featured as her main characters, thanks to large windows in the hull and in the deckhouse. This craft is perfectly in line with Vismara's style, characterized with high technological standards, modern design, lightweight materials and attention to details which ensure lightness, speed, safety and livability. All furniture is a structural element, this tremendously benefits the weight and rigidity of the boat. The special carbon hull, designed with the shape of the new Vismara sport 'Meta', including an under floor lifting keel that does not interfere with the interiors and a generous sail plan, benefits not only the 'easy cruising' but also the race winning potentials.

Spend the morning at Grand Anse beach and marvel at the contrast between the serene beach and the impressive hills and mountains surrounding it. In the afternoon, head to Anse Source d'Argent, perhaps the most photographed beach in the world thanks to its famous rocks.

Day 8 | Frégate

On the way back to Mahé make a stop at the private resort island Frégate. This resort is the epitome of luxury ecotourism, having been designed to integrate into the natural environment. Spend the day unwinding in this haven of luxury, and pay a visit to its Spa.

Day 9 | Disembarkation - Mahé

Your final day of charter, return to the island of Mahé for disembarkation. Spend your morning swimming with whale sharks at Beau Vallon, or browsing artisanal boutiques for souvenirs. Have lunch at a local restaurant before heading to the airport and returning home.
